NURTURING CHILDREN. STRENGTHENING FAMILIES.

The Child Center of NY reaches out across diverse ethnic populations to create a supportive, caring place for children and families at risk. For more than 50 years, we have been a powerful presence in the community – transforming the outcomes of lives of more than a quarter million children in the margins. Our programming falls into four critical categories: counseling; family intervention to prevent abuse and neglect; youth development and child care, and home visiting to prevent psychiatric hospitalization. Today, we serve more than 16,000 children annually – from birth through early adulthood – in more than 80 locations, through the committed and diverse staff who collectively speak 35 different languages. Please visit our website at www.childcenterny.org to learn more about the important work we do.
